

Having a **Bigger** Perspective

1. Can you think of anything you have been praying for, maybe for a long time, that just hasn't happened for you? What reasons do you think God could have on why he's not given it to you or is holding it back for another time – what's the bigger picture?

2. What is your perspective of Momentum and your role in it?
e.g. Is it just a group for you to meet up with friend's and maybe get a bit of teaching/training. Or is it just something to facilitate like minded and similarly aged people to do life together?

3. What could Momentum be? And what do you think God's perspective is on it?
e.g. Think of it in these terms: if Jesus was here physically leading the group what do you think he would be encouraging it to be?

4. In the wider context of BCC – how could Momentum really help drive the vision?
Contact > Connect > Community transformation

5. What things can help us have a bigger perspective?
